

Reduce lighting bills by up to 60%

5" & 8" – 10W Round LED Down Light

The simplest way to reduce energy bills and carbon footprint is to reduce power consumption. Replacing old lights with energy efficient lights will generate instantaneous savings post installation.

Retrofitting of b-efficient lights is a straightforward process. b-efficient lights are high quality and perfect for use in a myriad of environments such as foyers, corridors, shop displays, showrooms, reception areas, conference rooms, offices, hotels, restaurants and lounges.

This recessed LED down light is a perfect replacement for existing PL (CFL) and metal halide fixtures.

features

- Replaces PL (CFL) and metal halide lights
- Up to 60% reduction in lighting bills
- Average life expectancy of light is 40,000 hours
- High quality LED driver and Korean chipsets
- Pure aluminium body ensures excellent heat dissipation
- Meets all Australian and New Zealand safety and EMC requirements
- Locally serviced 2 year warranty

benefits

- Simple to retrofit with no extra rewiring needed
- Instantaneous savings post installation
- Combats rising energy costs
- Reduces maintenance costs
- Eligible for environmental certificates in NSW and VIC
