Prestige LED Down Light – Dimmable

Uses up to 80% less Energy...

Prestige LED Down Light MR16/GU10 – Dimmable

The MR16 or the GU10 are Bi-pin lamps, where a 5W LED is a suitable replacement for a 35W Halogen, and 7W LED is a suitable replacement for a 50W Halogen.

Both use up to 80% less energy and last up to 10 times longer, ensuring reliable operation for 40,000 hours. These lamps are ideal for “always on” applications and/or hard to reach locations.

Prestige LED Down Lights are carefully designed to maximise the light output with a minimum of energy input with close attention to dissipating the heat from the high performance LED chips so as to maximise product life.

Generate savings immediately.

features

- Replacement for traditional 35W (5W LED) and 50W (7W LED) Halogen Down Lights
- 80% reduction in electricity consumption in most cases
- Delivers a minimum of 400+ lumens (5W) and 500+ lumens (7W)
- 3000K, 4100K and 5000K colour choices
- 40,000 hours average lifetime
- High performance, low junction temperature
- 3 year warranty
- 60 degrees beam angle. Beam \pm 5%

benefits

- Savings start immediately upon installation
- Combat ever increasing energy costs
- Cooler running temperature can significantly reduce work load on air conditioner
- Point of sale discount on energy efficient lighting under the NSW Energy Saving Scheme
- Reduced maintenance costs
- Simple retrofit minimising downtime
- Meets all Australian / New Zealand Safety and EMC requirements.
- Return on Investment less than 6 months in most cases

Specifications	5W MR16/GU10	7W MR16/GU10
Input Voltage	12V AC (MR16) 240V AC (GU10)	12V AC (MR16) 240V AC (GU10)
Lamp Current	660mA	280mA
Power Consumption	5W	7W
Average Lifetime	40,000 hours	40,000 hours
Colour Temperature	3000K, 4100K and 5000K	3000K, 4100K and 5000K
Beam Angle	60 degrees / \pm 5%	60 degrees / \pm 5%
Colour	Die-Cast Aluminium	Die-Cast Aluminium
Size	52mm length / 50mm diameter	80mm length / 50mm diameter
Driver Type	Constant Current Driver	Constant Current Driver
Dimming capabilities with Clipsal Dimmer		
Fits into the majority of MR16 fittings		
Innovative construction allows very low junction temperatures and ensures long life		

Beware of cheap imports without any electrical safety certification
